### **Reports by Elected Officials**

#### Item 5.A. Comments by Deb Skillrud, Township Supervisor

Township Supervisor Skillrud addressed the Board and stated that the annual audit would be presented at the September meeting.

She reported Township met with PATH Crisis Center to offer administrative assistance with their Emergency Solutions Grant (ESG-CV) since their deadline to direct \$200,000 to help homeless residents was September 30, 2022.

Supervisor Skillrud also provided an update on the Township building improvements. She stated that with other local resources available, she did not recommend a warming/cooling shelter modification at this time due to the estimated cost of remodeling to accommodate it in the Township Building.

Trustee Boelen asked if it were decided to add a shelter in the future, would it cost more. Supervisor Skillrud responded that it potentially would.

Trustee Crabill asked if the shelter were built, what would be the hours of operation. Supervisor Skillrud responded that it would be open until 9:00 p.m. She noted that the Bloomington Public Library is a warming/cooling center and they are open until 9:00 p.m. The Home Sweet Home Ministries Junction is open during business hours. The addition of the Township warming/cooling center would duplicate efforts within the same locale. Supervisor Skillrud noted that an overnight shelter would require more stringent requirements than a warming and cooling center.

## Item 5.B. Comments by Steve Scudder, Township Assessor

Township Assessor Scudder addressed the Board and discussed the list of tax relief exemptions for property owners. He noted that while the exemption relieved a particular property owner, the burden would be shifted to those without the exemption.

Trustee Boelen asked for a list of exemptions that have to be applied for annually. Assessor Scudder listed the following: Disabled Veterans' Standard Homestead and the Senior Citizens' freeze He briefly explained the requirements and directed to the county for the application process for each.

Trustee Emig asked if residents were aware of the exemption process. Assessor Scudder responded in the affirmative.

#### **Public Comment**

Trustee Mwilambwe opened the meeting to receive public comment. Leslie Yocum, Township Clerk, reported that no one had registered to speak live or had submitted emailed public comment.

#### INDEPENDENT AUDITORS' REPORT

## Board of Trustees Town of the City of Bloomington, Illinois

#### **Opinions**

We have audited the accompanying modified cash basis financial statements of the government activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of the City of Bloomington, Illinois, as of and for the year ended March 31, 2022, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of the City of Bloomington, Illinois, as of March 31, 2022, and the respective changes in financial position—modified cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of the City of Bloomington, Illinois and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Emphasis of Matter—Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of the City of Bloomington, Illinois' ability to continue as a going concern for the year ended March 31, 2022.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- · Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Town of the City of Bloomington, Illinois' internal control.
  Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of the City of Bloomington, Illinois' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charges with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of the City of Bloomington, Illinois' basic financial statements. The Budgetary Comparison Schedules are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. ### NOTES TO FINANCIAL STATEMENTS March 31, 2022

### **NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES**

### REPORTING ENTITY

The Town of the City of Bloomington, Illinois, operates under a trustee form of government. The Town has coterminous boundaries with the City of Bloomington, Illinois. Therefore, in accordance with the Illinois Compiled Statutes, the City Council members automatically serve as trustees for the Town. The Township Supervisor is the elected chief executive officer for the Township. These financial statements present the Town of the City of Bloomington as a primary government. The Township provides the following services as authorized by state statutes: general assistance and general administrative services.

Evergreen Memorial Cemetery is included in these financial statements as a discretely presented component unit. A separate Board of Trustees appointed by the Township Board governs the operations of the Cemetery. However, the Cemetery is financially dependent on the Township and has no independent power to contract bonded indebtedness or to levy taxes. A complete set of financial statements for the Cemetery may be obtained from the Township office, 607 S. Gridley Street, Bloomington, Illinois 61701. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the Township. The discretely presented component unit operates a cemetery.

The criteria of oversight responsibility, special financing relationships, and scope of public service was used in determining the agencies or entities that comprise the Township for financial reporting purposes. Oversight responsibility is determined by the extent of financial interdependency, control over the selection of the governing operations, and accountability for fiscal matters. The accounting policies of the Town of the City of Bloomington, Illinois, conform to generally accepted accounting principles as applicable to governments except that all funds are accounted for on the modified cash basis of accounting instead of reporting on the modified accrual basis or accrual basis of accounting.

### BASIS OF PRESENTATION

### A. Basic Financial Statements

The Township's basic financial statements include both government-wide (reporting the township as a whole) and fund financial statements (reporting the Township's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental activities.

### **Government-Wide Statements**

In the government-wide financial statements, the governmental activities columns (a) are presented on a consolidated basis by column, (b) and are reported on the modified cash, economic resource basis, which recognizes all long-term assets as well as long-term debt. The Township's net position is reported in three parts—invested in capital assets net of related debt; restricted net assets; and unrestricted net assets. The Township first uses restricted resources to finance qualifying activities.

The Statement of Net Assets - Modified Cash Basis and the Statement of Activities - Modified Cash Basis present financial information about the reporting government as a whole. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting on internal transactions. Governmental activities generally are financed through taxes and intergovernmental revenues.

### NOTES TO FINANCIAL STATEMENTS - CONTINUED March 31, 2022

### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### Government-Wide Statements - continued

The Statement of Activities - Modified Cash Basis reports both the gross and net cost of each of the Town's functions. Gross program expenses (including depreciation) are offset by direct program revenues that are directly associated with the function (general government, highways and streets, public assistance, cemetery, etc.). The net costs (by function) are normally covered by general revenue (property or utility taxes, intergovernmental revenue, interest income, etc.).

This government-wide focus is more on the sustainability of the Township as an entity and the change in the Township's net assets resulting from the current year's activities.

### **Fund Accounting**

The financial transactions of the Township are reported in individual funds, which are all major funds in the fund financial statements. Each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses, as appropriate. The various funds are reported by generic classification within the financial statements. The following are the Township's governmental fund types:

### **Governmental Funds**

The focus of the governmental funds' measurement (in the funds statements) is upon determination of financial position and changes in financial position rather than upon net income. The following is a description of the governmental funds of the Township:

<u>Town Fund</u> – is the general operating fund of the Township. It is used to account for all financial resources except those that are required to be accounted for in another fund.

<u>Special Revenue Funds</u> – are used to account for the proceeds to specific revenue sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes. The General Assistance fund accounts for tax levies restricted for assistance to individuals and families in need.

The emphasis in fund financial statements is on the major funds in the governmental activities category. Non-major funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category of the governmental activities) for the determination of major funds. The Township has no non-major funds.

### **Fiduciary Funds**

<u>Trust Funds</u> – are used to account for the proceeds from private sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes.

### **B. Significant Accounting Policies**

Basis of Accounting

Revenue and expenditures of governmental fund types are recognized on the modified cash basis of accounting.

### NOTES TO FINANCIAL STATEMENTS - CONTINUED March 31, 2022

### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### B. Significant Accounting Policies - continued

Revenue is recognized in the accounting period when it is received.

Expenditures are generally recognized in the accounting period when obligations are paid, with the exception of capital purchases. Capital purchases are recognized in the government-wide statement at full cost including payments made during the fiscal year plus any financing used to complete their purchase.

### Fair Value Measurements of Financial Instruments

The Cemetery follows accounting standards on fair value measurements which define fair value and establish a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices that are observable, either directly or indirectly with fair value being determined through the use of models or other valuation methodologies. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

### Investments

Investments are stated at their fair value, (quoted market price or the best available estimate). Purchases and sales are recorded on a trade-date basis. Interest and dividends are recorded when deposited into the investment trust accounts. Realized and unrealized gains and losses are included in the determination of the change in net assets.

### Property and Equipment

Equipment purchased or acquired with an original cost of \$5,000 or more, and buildings costing in excess of \$10,000 are capitalized at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays, where cost meets the Township's capitalization policies and significantly extend the useful life of an asset, are also capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and Infrastructure 40 years
Machinery and Equipment 7 years
Cemetery Infrastructure 40 years

GASB No. 34 requires the Township to report and depreciate new infrastructure assets prospectively. Infrastructure assets include roads, bridges, underground pipe (other than those related to utilities), traffic signals, etc. It is unlikely that the Township will ever have any infrastructure assets since the Township is coterminous with the City of Bloomington, Illinois', which is responsible for the infrastructure.

### Resource Utilization

The Township first applies restricted resources to expenses when both restricted and unrestricted net position is available. Similarly, the most limiting classification of committed, assigned, or unassigned amounts are considered to have been spent when an expenditure is incurred for which any of those could be used.

### NOTES TO FINANCIAL STATEMENTS - CONTINUED March 31, 2022

### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### Property and Other Taxes

The Township's property tax is levied each year on all taxable real property located within the Township boundaries on or before the last Tuesday in December. The Board of Trustees passed the 2020 Levy on November 23, 2020 in amounts deemed necessary to defray expenses and liabilities for the fiscal year ended March 31, 2021. Property taxes attached as an enforceable lien on property as of January 1, 2020 and are payable in two installments in the following year in June and September. Taxes from the 2020 Levy were collected and reported as revenue during the fiscal year ended March 31, 2022.

### Program Revenues

The Township receives program revenue from providing services to the discrete component unit and other townships by intergovernmental agreement as follows:

### Administrative Services

### Discretely Presented Component Unit

Evergreen Memorial Cemetery (Cemeteries of the Town of the City of Bloomington, Illinois), maintains a general operating fund and two fiduciary funds for private trusts. The fiduciary funds are used to account for specific revenue sources that are legally restricted to expenditures for specified purposes. The Cemetery reimburses the Town Fund for personnel expenses related to services provided by the fiscal office.

### Government Fund Balance Reporting

Government Accounting Standards require government fund balances to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Fund balances in the governmental fund statements have been restated as of the beginning of the fiscal year to reflect changes in presentation. Below are definitions of the differences and a reconciliation of how these balances are reported.

### A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the township all such items are expensed at the time of purchase, so there is nothing to report for this classification.

### B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The township has several revenue sources received within different funds that also fall into these categories such as property taxes, state grants, interest, charges for services, and/or insurance reimbursement. The General Assistance funds and Cemetery funds are restricted by the enabling legislation for property tax levies.

### NOTES TO FINANCIAL STATEMENTS - CONTINUED March 31, 2022

### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Government Fund Balance Reporting - continued

### C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the Board of Trustees). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The Board of Trustees commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. There were no committed fund balances.

### D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the Board of Trustees or (b) the budget or finance committee or (c) an official to which the Board has delegated the authority to assign amounts to be used for specific purposes. There were no assigned fund balances.

### E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amount in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds.

### F. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

### **NOTE 2 - BUDGET AND BUDGETARY ACCOUNTING**

The budget appropriation ordinance is adopted on a cash basis. The appropriation ordinance for the Town of the City of Bloomington, Illinois, which was adopted on March 22, 2021, covered appropriations for the general and special revenue funds as well as Evergreen Memorial Cemetery, a discretely presented component unit of the Town of the City of Bloomington, Illinois. An amendment to the budget appropriation ordinance was passed on August 2, 2021.

The Township follows these procedures in establishing the budgetary data reflected in the accompanying financial statements:

- (a) Prior to the beginning of a fiscal year, the Township Supervisor submits to the Board of Trustees a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on a cash basis.
- (b) Public hearings are held to obtain taxpayer comments.

### NOTES TO FINANCIAL STATEMENTS - CONTINUED March 31, 2022

### NOTE 2 - BUDGET AND BUDGETARY ACCOUNTING - continued

- (c) The budget is legally enacted through passage of an ordinance no later than during the first three months of the fiscal year.
- (d) Any budget amendments are approved by the Town Board of Trustees. Transfers of more than 10% of fund appropriations require a repetition of the entire budget process.
- (e) Appropriations lapse at the end of the fiscal year. The level of control for each budget is the fund total rather than individual line items.
- (f) Management makes estimates and assumptions during the preparation of financial statements. Accordingly, actual results could differ from those estimates.

### NOTE 6 - RETIREMENT PLANS

### **ILLINOIS MUNICIPAL RETIREMENT PLAN**

### **IMRF Plan Description**

The Township's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Township's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

### **Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

### **Employees Covered by Benefit Terms**

At December 31, 2021, the measurement date, membership of the plan was as follows:

Retirees and beneficiaries	29
Inactive, non-retired members	23
Active members	<u>19</u>
Total	71

### NOTES TO FINANCIAL STATEMENTS - CONTINUED March 31, 2022

### **NOTE 6 - RETIREMENT PLANS - CONTINUED**

### **Contributions**

As set by statute, Township regular plan members are required to contribute 4.5% of their annual covered salary. The statutes require the Township to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Township's annual required contribution rate for the calendar year 2021 was 11.41%. The Township also contributes for disability benefits, death benefits, and supplemental retirements benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

The Township's pension contributions included in these financial statements as expense for the current fiscal year on a modified cash basis is \$112,033. This includes \$30,604 contributed by the discrete component unit Evergreen Cemetery. Pension expense(income) determined for calendar year 2021 reported on an accrual basis was \$(328,315).

### **Net Pension Liability**

The Township's net pension liability(asset), \$(1,128,678), was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

### **Actuarial Assumptions**

The following are the methods and assumptions used to determine the 2021 Contribution Rates:

- Actuarial Cost Method: Aggregate Entry Age Normal
- Amortization Method: Level Percentage of Payroll, Closed
- Remaining Amortization Period: Non-Taxing bodies: 10-year rolling period. Taxing bodies (Regular, SLEP and ECO groups): 22-year closed period. Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption of ERI. SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 17 years for most employers (five employers were financed over 18 years; one employer was financed over 19 years; two employers were financed over 20 years; three employers were financed over 26 years; four employers were financed over 27 years and one employer was financed over 28 years).
- Asset Valuation Method: 5-Year smoothed market; 20% corridor
- Wage growth: 3.25%
- Price Inflation: 2.50%
- Salary Increases: 3.35% to 14.25% including inflation
- Investment Rate of Return: 7.25%
- Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2017 valuation pursuant to an experience study of the period 2014 - 2016.
- Mortality: For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

There were no benefit changes during the year.

### NOTES TO FINANCIAL STATEMENTS - CONTINUED March 31, 2022

### **NOTE 6 - RETIREMENT PLANS - CONTINUED**

### **Single Discount Rate**

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate.

### The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 1.84%, and the resulting single discount rate is 7.25%.

### Changes in Net Pension Liability

The Township's changes in net position liability / (asset) for the calendar year ended December 31, 2021 was as follows:

- A. The Cemetery (discrete component unit) employees participate in the IMRF pension plan and reimburse the Town for their share of employer costs incurred. In addition, the Cemetery reimburses the Town for services provided by the fiscal office. There were no individual fund inter-fund receivable and payable balances at March 31, 2022 between the Town fund and the Cemetery Fund component unit.
- B. There were no deficit fund balances of individual funds at March 31, 2022.

### **NOTE 8 - VACATION AND SICK LEAVE**

The Township provides full-time employees with vacation and sick leave in varying amounts. Vacation and sick pay expenses are charged to operations when taken by the employee. The Township has not recorded the liability for vacation, which totals \$54,761 on March 31, 2022.

### **NOTE 9 - CONTINGENCIES AND COMMITMENTS**

### Debit Cards and Disbursing Orders

The Township provides assistance to income-qualified recipients in the form of debit cards, disbursing orders and referrals. At year-end, the Township was liable for \$4,741 for purchases made on the debit cards. In addition, unused balances on debit cards issued totaled \$4,035 and the total amount of unpaid general assistance disbursing orders was \$325 at March 31, 2022.

### NOTE 10 - ACTIVITIES BETWEEN PRIMARY GOVERNMENT AND COMPONENT UNIT

The Township and its component unit, Evergreen Memorial Cemetery, file and make pension contributions together. The Cemetery reimburses the General Fund for its share of the obligation on a monthly basis. Any amounts in due to/from accounts are for IMRF withholdings from Evergreen Memorial Cemetery employees that have not been transferred to the Township general fund for remittance. The Cemetery is purchasing employee benefits through the Township; these include health, dental and vision insurance for full-time, permanent employees, Section 125 Cafeteria plan for pre-tax insurance benefits and Flexible Spending Accounts.

The Township also charges the Cemetery for financial administrative services which totaled \$12,200 during the fiscal year.

### **NOTE 12 - SUBSEQUENT EVENTS**

Management evaluated subsequent events occurring through July 21, 2022, which represents the date the financial statements were available to be issued.

Due to Gubernatorial and CDC regulations and recommendations which were implemented to protect businesses and the public, Township adjusted and adapted its service operations to remain open during normal business hours throughout the pandemic. Township limited all in-person access for individual care at the entryway to the Township office and expanded the application process by adding website, drop box, email, and fax accessibility. Information regarding service delivery changes was, and continues to be, publicized via its website, Facebook page, and the message board in the office entryway.

As local infection rates dropped and local Covid-19 restrictions lifted, Township reopened its lobby for public access. All other modifications remain in place to allow for diverse access to services. Public health recommendations are being monitored and the Township will respond accordingly to protect staff and the public.

### NOTES TO FINANCIAL STATEMENTS - CONTINUED March 31, 2022

### **NOTE 1 - BUDGET AND BUDGETARY ACCOUNTING**

The budget or appropriation ordinance is adopted on a modified cash basis, which is the basis of accounting followed by the Township when preparing its financial statements. The appropriation ordinance for the Town of the City of Bloomington, Illinois, which was adopted on March 22, 2021, covered appropriations for the general and special revenue funds as well as Evergreen Memorial Cemetery, a discretely presented component unit of the Town of the City of Bloomington, Illinois. In addition, an appropriation ordinance amendment was passed on August 2, 2021.

The Township follows these procedures in establishing the budgetary data reflected in the accompanying financial statements:

- (a) Prior to the beginning of a fiscal year, the Township Supervisor submits to the Board of Trustees a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on a cash basis.
- (b) Public hearings are held to obtain taxpayer comments.
- (c) The budget is legally enacted through passage of an ordinance no later than during the first three months of the fiscal year.
- (d) Any budget amendments are approved by the Town Board of Trustees. Transfers of more than 10% of fund appropriations require a repetition of the entire budget process.
- (e) Appropriations lapse at the end of the fiscal year. The level of control for each budget is the fund total rather than individual line items.
- (f) Management makes estimates and assumptions during the preparation of financial statements. Accordingly, actual results could differ from those estimates.

RE: Township Supervisor's Report

Workfare Programs: The Wellness Lifestyle Classes were held in person every Friday in July at "The Junction". On July 1st Heartland Community College presented on the Workforce Equity Initiative. Dr. Josh Johnson continued to present Wellness topics such as heart health, obesity, cholesterol, and chronic inflammation for the remaining classes. Ten active General Assistance clients are currently attending the classes. Both COBT clients and the public are welcome to attend the classes held every Friday at 11:00 a.m.

**POTS Recycling:** The POTS Recycle program is an in-house work program for recipients of monthly General Assistance. It also provides a work environment for seniors through a federally funded program:

National Asian Pacific Center on Aging for their Senior Community Service Employment Program (SCSEP) is the largest federally funded program specifically targeting older adults seeking employment and training assistance.

The goal of SCSEP is to help participants gain work experience and overcome barriers by receiving on-the-job training at not-for-profit, 501(c)(3) community-based organizations or government agencies. The dual purpose of the SCSEP program is to provide community service while also improving participant's job skills to enable them to find full or part-time unsubsidized employment.

Township POTS recycle program currently supports four participants at our workfare program.

<u>General Assistance</u>: Total July cases for General Assistance are provided on the attached System Activity Report. One hundred sixteen, 116, applicants sought Township services. Sixty-five, 65, are *potentially eligible* for General Assistance and fifty-one, 51, are *potentially eligible* for Emergency Assistance.

One township recipient was awarded Supplemental Security Income in July. Township received \$345.00 Supplemental Security Income recovery funds from the State of Illinois.

**Building Improvements:** Farnsworth Group is finalizing the RFP for building modifications.

**Evergreen Memorial Cemetery (EMC):** The Cemetery Board of Trustees recommended proceeding with an RFP for the purchase of a Skid Steer track loader. The Cemetery no longer has a backhoe that can move dirt and headstones.
